White roll paper towel dispenser ABS Model B7215

The **B7215 paper towel dispenser** is a functional and economical solution for public restrooms, offices, medical surgeries, catering establishments, and other places where hygiene and convenience are of key importance. Made of high-quality **ABS plastic**, it is characterized by exceptional durability and ease of cleaning. Its solid construction ensures a long service life, while the modern, minimalist design allows the device to blend perfectly with both classic and modern interior arrangements.

Optimal capacity and operational savings

The dispenser has been designed with maximum user comfort in mind. Its dimensions of **263x232x327 mm** provide optimal capacity, meaning it does not require frequent refilling. Adapted **for roll paper up to 195 mm wide and 190 mm in diameter**, it will perform well in various environments, guaranteeing compatibility with many available refills. **The lockable housing** protects towels from dirt and moisture, which helps maintain a high level of hygiene. Thanks to a well-thought-out dispensing mechanism, users can easily pull the appropriate amount of paper, which limits waste and **lowers operating costs**.

Comprehensive equipment for white bathrooms

To ensure full visual and functional consistency in public spaces, the white B7215 dispenser should be paired with other plastic accessories. Recommended additions to the set include [white ABS soap dispensers](#) and the dedicated [B7401 toilet paper dispenser](#). In barrier-free restrooms, essential elements also include [white 32 mm diameter grab bars](#) or their [25 mm diameter](#) variant, which together create a safe and professional sanitary space.
