Dimensions	110x 274x113 mm
Window	Yes
Montage	Wall
Includes	Mounting kit included, key included

Horizontal liquid soap dispenser in a stainless steel housing. In the middle of the dispenser there is a plastic soap cartridge with a capacity of 1 L, which prevents damage to the container housing - refilling is done by adding soap from the collecting container. Matt surface finish (brushed steel). The infusion is opened by a special key attached to it. It does not require expensive soap refills. On the front of the dispenser there is a window for viewing the amount of soap.
