

Hair dryer R300

- Super compact (147 x 238 mm) - fits everywhere
- Powerful airflow thanks to the redesigned aeration module
- Automatic switch on when removing the pipe end
- 8 minute automatic safety switch
- The "Cool touch" rotating handle does not play in my hand
- Extensible hose (up to 1.20 m)
- Easy wall mounting without opening the dryer
- 2 electrical connection options: direct connection to the electrical network behind the dryer (invisible) or connection via a standard plug
- Fastening screws and wall plugs included
- Protection class: IP34
- Heating spiral protection

Elegant wall-mounted hotel dryer R300 is a reliable product from the Swiss manufacturer - Valera. The black dryer is suitable for wall mounting. Its total operating power is 1200W. It is worth adding that the whole has a matte finish.
