

Shower chair TPU

- Seat height adjustment to the user's height (adjustable from 390 to 490 mm)
- Aluminum finish that makes the seat light and corrosion resistant
- Side handles for easy use of the seat
- Water drainage holes
- Non-slip pads on the legs

Material	Aluminum/ PCV
Handrail length	500 x 300 mm
Maximum load	100 kg

Shower seat adapted for the elderly or the disabled. The seat consists of an aluminum frame and a durable seat - made of PVC. The overall dimensions of the seat are 505 mm x 390 mm, moreover, the height of the chair is adjustable in the range of 390 - 490 mm. The maximum, non-threatening load capacity is 100 kg. What's more, the TPU chair has an easy-to-use height adjustment system, just press the safety button on the foot and gently turn it. It is worth adding that the feet have black non-slip pads. A mounting kit is included in the set.
