

Soap dispenser B7001D

Sanitizer dispenser spray made of ABS plastic. White color. A special key is attached to the dispenser, thanks to which we gain access to the interior of the dispenser and thus receive the opportunity to top up liquid. The dispenser does not require expensive soap cartridges. We can supplement it with liquid from a collective packaging (e.g. from a canister). The large transparent sight glass located on the front of the dispenser informs us about the amount of liquid remaining. The tank has a capacity of 1L. Dispensing takes place after pressing the lower part of the dispenser.

Product features and benefits:

- intuitive use of the dispenser
- window for viewing the amount of soap
- rounded shapes
- fits any bathroom

Capacity	1 L
Housing	ABS plastic
Color	White
Refilling	From multipack
