The liquid soap dispenser is made of AISI 304 stainless steel, which offers high resistance to vandalism, corrosion, and moisture. Its matte finish gives the unit an elegant, modern appearance and makes it easy to keep clean. Inside, there is a 650 ml plastic refill protected by the stainless steel casing against damage. The refill can be easily topped up from a bulk soap container, eliminating the need for expensive single-use cartridges. The refill opening is secured with the included key, and a practical window on the front of the dispenser allows for easy monitoring of the soap level. The dispenser is vandal-resistant and compact, with dimensions of 101 × 229 × 112 mm. A complete set of mounting accessories is included, allowing for quick and convenient installation in public or commercial restrooms.
