The MC88HTB hand dryer is a product designed for public use, particularly in swimming pools and bathing areas. It is a wall-mounted dryer made of AISI 304 stainless steel with a classic design and a white finish. Its overall dimensions are 235 x 267 x 210 mm.

The drying power of the MC88HTB pool dryer is 2300W, with an average air blow speed of 108 km/h. Moreover, the MKSA dryer is quiet, with a noise level of 68 decibels, making it ideal for use in restrooms where noise reduction is important. An important feature is that each dryer comes with a CE Declaration of Conformity.
