Dimensions	275 x 300 x 100 mm
Tension	220 – 240 V, 50/60 Hz
Total power	950 W
ECO power	400 W
Volume level	74 dB
Air velocity	342 km/h
Drying time	~12 s
Energy class	IPX3
Weight	4,5 kg

The wall-mounted hand dryer is made of stainless steel AISI 304 with a 1,5mm thick, modern shape to match any public bathroom. With an ultra-slim design, the chassis measures just **100mm deep**, making it ideal for a wide range of environments in all kinds of applications. ECO mode by the ability to be run at only 400W by switching off the internal heater, making this one of our most eco-friendly dryers.

Besides its great energy efficiency, the stainless steel case, secured by 4 security screws, prevents vandalism and ensures durability and it also has a solid steel backplate. With a reduced noise level of 74 decibels, the hand dryer is perfectly suited to compact toilets where noise and the actual depth of the dryer must be reduced.
