Power	1800 W

The hotel&HASH39;s EXCEL 1800 TF dryer is an efficient and handy device with a classic finish. The offered dryer has a low weight - the weight without a cable is 360 g - thanks to which it can be safely used by children. In addition, the R912A dryer uses thermal protection - a heating element with a SECURITY line.

Additional security measures have been applied, such as:

- Thermostat automatically regulated by on / off system. On / off control prevents accidental overheating.
- Safe cut-off to prevent accidental overheating
