

Crevice hand dryer MFCA

- Stylish and modern design
- 10 seconds hand drying, irreplaceable in high-intensity facilities
- Brushless DC motor, uniform operation, long life
- Long life, designed for a minimum of 14 years of work with 500 drying cycles per day
- Housing of the highest quality, made of stainless steel AISI 304
- Unique LED backlight
- High pressure air flow causes the immediate removal of water droplets from the hand
- The anti-allergic and antibacterial HEPA filter minimizes the emission of unpleasant and allergic odors
- Cheap and economical in operation,
- Automatic heater off above 25 ° C in the room
- Environmentally friendly
- Easy and quick disinfection
- The wide and spacious housing makes it easy to dry even very large hands

Housing	Stainless steel AISI 304
Finish	Polished
Action	Photocell
Dimensions	300 x 730 x 222 mm
Tension	220 - 240 V, 50/60 Hz
Total power :	800 - 1650 W
Heater power	850 W
Engine power	800 W
Revolutions per minute (RPM) :	20 000
Volume level :	70 dB
Blow-out temperature	38 - 60 °C
Air flow	N.A.
Air velocity	340 km/h
Energy class :	IPX4
Standards	CE, SGS, LVD, EMC, ROHS

It is the first crevice dryer in the world in a stainless steel housing. The vertical hand dryer in polished finish is equipped with a HEPA filter system, has a larger hand drying gap, which is made in antibacterial technology, has a built-in water tank eliminating the accumulation of dripping water.
