Handrail for disabled people, arched, tilting, wall-length 700 mm, general-purpose, made of 25 mm diameter carbon steel tube, black powder coated. We use this type of handrail in the washbasin, shower, and toilet areas.

The black handrail UR7-9005 for the disabled is made of carbon steel powder-coated black. The diameter of the pipe used for the production is 25 mm, and the wall thickness of the pipe is 1.5 mm. The length of the handrail is 700 mm, and the maximum load capacity is 120 kg. The presented handrail can be installed in the wash basin, shower, and toilet area. What's more, the UR7-9005 handrail has smooth edges that eliminate the risk of accidental snagging or injury.
