White automatic roll paper towel dispenser ABS Model B7210

The **B7210 automatic roll paper towel dispenser** is a modern solution that ensures the highest standard of hygiene in high-traffic areas such as offices, public restrooms, and service premises. Made of high-quality **ABS plastic**, it guarantees exceptional durability and ease of maintaining sterile cleanliness. The solid construction and minimalist design allow the device to blend perfectly with any professional interior arrangement.

Efficiency and modern dispensing technology

The dispenser, with dimensions of **300x237x410 mm**, is adapted for roll paper with a maximum width of 195 mm and a diameter of 190 mm. The automatic dispensing system significantly increases user comfort and improves the efficiency of consumable use. The device is **key-lockable**, effectively protecting refills against unauthorized access. It is an ideal choice for facility managers prioritizing the combination of aesthetics with low operating costs.

Comprehensive equipment for white public bathrooms

To maintain full visual consistency, the B7210 model should be paired with other white products. We recommend [paper towel dispensers](#) from our full range, as well as [white soap dispensers made of ABS](#). In barrier-free restrooms, essential additions include [white 32 mm grab bars](#) and the dedicated [B7401 toilet paper dispenser](#).
