TABLE OF

WASHBASIN SANITARYCARE

	code	description	
Washbasin	8401	Timed flow, self-closing **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Side self regulation of temperature Water time flow for aprox. 15 sec. with pressure of 3 bars Water pressure reductor (6 l/min) Anti-vandal construction **Options** **8401/M- Version for pre-mixed water with under-washbasin mixer 9020**	
	8407	Timed flow mixer, self-closing **Installation** two 1/2" connectors for cold and hot water **Parameters** Side self regulation of temperature Water time flow for aprox. 15 sec. with pressure of 3 bars Water pressure reductor (6 l/min) Anti-vandal construction	
	9077 9070 9070/M	Timed flow mixer, self-closing **Installation** two 1/2" connectors for cold and hot water **Parameters** Side self regulation of temperature Regulation of water pressure and water flow Water pressure reductor (6 l/min) Anti-vandal construction **Options** **9070 - Version for pre-mixed water** **9070/M - Version for pre-mixed water with under-washbasin mixer 9020**	
	9370	Timed flow mixer TEMPOR, self-closing **Installation** two 1/2" connectors for cold and hot water **Parameters** Regulated water time flow up to max. ~12 sec. Water temperature regulation in a button. Solid brass body Anti-vandal construction	
	9302 9302/M	Timed flow TEMPOR for pre-mixed water, self-closing **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Regulated water time flow up to max. ~12 sec. Solid brass body Anti-vandal construction **Options** **9302/M-Version for pre-mixed water with under-washbasin mixer 9020**	
	9301 9301/M	Timed flow TEMPOR for pre-mixed water, self-closing **Installation** 1/2" connector for cold and hot water **Parameters** Regulated water time flow up to max. ~12 sec. Solid brass body Anti-vandal construction **Options** **9301/M- Version for pre-mixed water with under-washbasin mixer 9020**	

WASHBASIN SANITARYWARE

MADE IN ITALY

	code	description	
	9007	Timed mixer, self-closing **Installation** Two 1/2" connectors for cold and pre-mixed water **Parameters** Water pressure regulation Regulated water time flow Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-block system	
	9001A **9001A/M** **9001** **9001/M**	Timed flow for pre-mixed water, self-closing **Installation** Two 1/2" connectors for cold and pre-mixed water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) aerator spout Solid brass body Anti-vandal construction Anti-block system **Options** **9001- no aerator version** **9001A/M - version with aerator and under-basin mixer 9020** **9001/M - version with under-basin mixer 9020**	
	9090 **9090/M**	Timed flow for pre-mixed water, self-closing **Installation** Two 1/2" connectors for cold and pre-mixed water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-block system **Options** **9090/M: version with under-basin mixer 9020**	
	9002 **9002/M**	Timed flow for pre-mixed water, self-closing **Installation** Two 1/2" connectors for cold and pre-mixed water **Parameters** Water time flow ~12 sek. Water pressure regulation Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-block system **Options** **9002/M: Z mieszaczem podumywalkowym 9020**	
	9813	Timed flow with anti-burn blockade **Installation** Two 1/2" connectors for cold and hot water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) Mixer with anti-burn blockade Solid brass body Anti-vandal construction Anti-block system	
	9087 **9080** **9080/M**	Timed flow with mixer, self-closing **Installation** Two 1/2" connectors for cold and hot water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) Anti-vandal construction Anti-block system **Options** **9080 - Version for pre-mixed water** **9080/M - Version for pre-mixed water with under-basin mixer 9020**	

WALL-MOUNTED WASHBASIN SANITARYWARE

	code	description	
	9003S	Wall-mounted timed flow, self-closing **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Regulation of water pressure and water flow Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-Block system	
	9043 **9003P**	Wall-mounted timed flow, self-closing **Installation** 1/2" conector for cold and hot water **Parameters** Regulation of water pressure and water flow Water pressure reducutor (6 l/min) Regulated distance from the wall Solid brass body Anti-vandal construction Anti-Block system	
	9003F	Wall-mounted timed flow, self-closing **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Regulation of water pressure and water flow Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-Block system	
	9073	Wall-mounted timed flow, self-closing **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Regulation of water pressure Regulated water time flow up to max. ~12 sec. Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-Block system	

WALL-MOUNTED TAP SANITARYWARE

	code	description	
NEW IN	**8083 MIX** **8093 MIX**	Wall-mounted timed flow tap with termostatic mixer, surface-mounted, self-closing **Installation** Two 1/2" conectors for cold and hot water **Parameters** Water time flow up to max. ~12 sec. Two lenghts of swivel spout: 9083 MIX - 200 mm 9093 MIX - 140 mm Check valves and filters Water pressure reducutor (6 l/min) Anti-Block system	
	9092	Wall-mounted timed flow tap with mixer, surface-mounted, self-closing **Installation** Two 1/2" conectors for cold and hot water **Parameters** Regulation of water pressure and water flow Swivel spout Water pressure reducutor (6 l/min) Check valves Mechanism which cuts of water of for pommel conservation Anti-Block system	

MADE IN ITALY   PZH

SHOWER SANITARY FITTINGS

	code	description	
	9004A	Surface-mounted timed flow tap, self-closing, **Installation** 1/2" connector for cold and pre-mixed water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-block system	
	9005	Recessed timed flow tap, self-closing **Installation** 1/2" connector for cold and pre-mixed water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-block system **9905 -** Mountig box	
NEW IN	**9010MIX** **9010MIX BOX** **9010MIXT** **9010MIXT BOX** **9010C**	Time flow mixer: recessed, self-closing **Installation** two 3/8" connectors for cold and hot water **Parameters** Water time flow~15 sek. Water pressure regulation Water pressure reductor (8 l/min) Check valves Anti-vandal construction Anti-block system **9010MIXT - version with thermostatic mixer** **9010MIX BOX/9010MIXT BOX -** Mountig box **version**	
	9005MIX plus	Time flow mixer: recessed, self-closing **Installation** two 1/2" connectors for cold and hot water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) Solid brass body Anti-vandal construction Anti-block system **9985 -** Mountig box	
	9985 **9905**	Mountig box **Parameters** Anti-vandal construction made of stainless steel AISI304. Box contains box, grill and mounting set, grill and mountig set	
NEW IN	**9905MIXC**	Concealed timed mixer, self-closing **Installation** two 1/2" connectors for cold and hot water **Parameters** Water pressure and time flow regulation Water pressure reductor (6 l/min) Anti-vandal construction Anti-block system Mounting box	

Concealed mixers

SHOWER SANITARYWARE

MADE IN ITALY

	code	description	
shower panels	**9290**	Timed shower panel "SLIM" for pre-mixed water **Installation** 1/2 "connector for cold and pre-mixed water placed at the top of the panel **Parameters** Water time flow~25 sec. Made of: aluminium + ABS material Water pressure reductor (8l/min.) Surface-mounted	
Shower sets	**8132MIX** **8132MIX/1** **8132MXT/1** NEW IN	Shower timed mixer, self-closing **Installation** Two 1/2" conectors for cold and hot water **Parameters** Self water temperature regulation Water time flow: 15 sec. Water pressure reductor (8 l/min) Check valves Anti-vandal construction **Options** **8132MIX/1 - Mixer without spout** **8132MIXT/1 - Termostatic mixer**	
	9006MIX	Timed mixer, surface-mounted, self-closing **Installation** Two 1/2" conectors for cold and hot water **Parameters** Self water temperature regulation Regulation of water pressure and water time flow Spout with joint - movable Check valves Mechanism which cuts of water of for pommel conservation Anti-vandal construction **Options** **9006MIX/1 - Mixer without spout** **9006MIX plus - 30 cm longer tube**	
	9004D	Shower set, surface mounted, self-closing **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Regulation of water pressure and water time flow Spout with joint - movable Anti-vandal construction	
	9004F	Shower set, surface mounted, self-closing **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Water time flow: 12 sec, Wall mounted, solid spout Anti-vandal construction	

MADE IN ITALY • PZH

Shower spouts

	code	description	
	9012	Shower head **Installation** 1/2" connector **Parameters** Water pressure reductor (8 l/min) Anti-vandal construction	
	9014	Swivel shower head **Installation** 1/2" connector **Parameters** Water pressure reductor (8 l/min) Anti-vandal construction	
	9017	Shower head **Installation** 1/2" connector **Parameters** Water pressure reductor (8 l/min) Anti-vandal construction Water flow control with the use of inter-changeable nozzles	
	9311	Shower head **Installation** 1/2" connector **Parameters** Concealed or surface-mounted Water pressure reductor (8 l/min) Mounting with screws and plugs Anti-vandal construction	
	9018	Shower head **Installation** 1/2" connector **Parameters** Concealed or surface-mounted Water pressure reductor (8 l/min) Anti-vandal construction Antiscaling	
	9013	Swivel shower head **Installation** 1/2" connector **Parameters** Water pressure reductor (8 l/min) Anti-vandal construction Antiscaling	
	9019	Swivel shower head **Installation** 1/2" connector **Parameters** Water pressure reductor (8 l/min) Anti-vandal construction Antiscaling **Options** **9019/1 - Spout for head**	

URINAL SANITARYWARE

	code	description	
Urinal sanitaryware	9004 9004P	**Urinal set** **Installation** 1/2 "connector **Parameters** Water time flow ~6 sek. Regulation of water pressure Water pressure reductor(6 l/min) Height regulation Solid brass body Anti-vandal construction **9004P - Urinal tap**	
	9340	**Urinal set TEMPOR** **Installation** 1/2 "connector **Parameters** Water time flow regulation Water pressure reductor(8 l/min) Height regulation Solid brass body Anti-vandal construction	
	9005P	**Urinal tap, concealed, self-closing** **Installation** 1/2 "connector **Parameters** Water time flow ~6 sec. Regulation of water pressure Water pressure reductor(6 l/min) Solid brass body Anti-vandal construction **9905 -** Mountig box	

WC SANITARYWARE

	code	description	
WC valves	9454	**Floor flow valve for WC** **Installation** 1" connector **Parameters** Water time flow~5 sec. Foot operated Anti-vandal construction	
	9455	**Recessed flow valve for WC** **Installation** 3/4" or 1" connector **Parameters** Water time flow~5 sec. Anti-vandal construction **9955 -** Mountig box	
	9457 9458	**Timed flow valve for VC** **Installation** 3/4" or 1" connector **Parameters** Water time flow~5 sec. Anti-vandal construction **9458 - Supplying tube**	

CHILDREN SANITARYWARE

MADE IN
ITALY

	code	description	
	B210	Mixed water tap **installation** 1/2" cold or mixed water connection **Parameters** Water pressure reductor (6 l/min) Ceramic head Vandal proof design Equipped with ECO-STOP function	
	B220	Wall mounted mixed water tap **installation** 1/2" cold or mixed water connection **Parameters** Water pressure reductor (6 l/min) Ceramic head Vandal proof design Equipped with ECO-STOP function	
	B221	Wall mounted tap with a mixing valve **installation** two 1/2' connectors for cold and hot water **Parameters** Water pressure reductor (6 l/min) Ceramic head Vandal proof design Equipped with ECO-STOP function	
	B250	Electronic mixed water tap **installation** 1/2" cold or mixed water connection **Parameters** 6V battery powered Water pressure reductor (6 l/min) Vandal proof design	
	B400 **B400W**	Tap with ceramic mixer **installation** two 1/2' connectors for cold and hot water **Parameters** Water pressure reductor (6 l/min) Ceramic head Vandal proof design Aviable colurs: B400 - body colour B400W - wood imitation	
	B402 **B402W**	Timed flow, self-closing **installation** two elastic 1/2' connectors for cold and hot water **Parameters** Side water temperature regulation Water pressure and time flow regulation Vandal proof design Aviable colurs: B402 - body colour B402W - wood imitation	

Children sanitaryware

MIESZACZE

Mixers

	code	description	
	9020	**Mechanical mixer** **Installation** Two 1/2" conectors for cold and hot water **Parameters** Built in non-returned valves Max. 1 flow connected	

Thermostatic mixer

9027-15

9027-22

9027-34

Parameters Regulation of the temperature 30-48 °C
Max. temperature of connection is 90 °C
Max. working pressure 10 bars

Efficiency with 1 bar pressure			
Code	Connector	m³/h	Kind of connector
9027-15	Ø 15	2,6	**Compression ends (check valves + filters)**
9027-22	Ø 22	2,6	**Compression ends (check valves + filters)**
9027-34	3/4"	2,75	**Screw (check valves, no filters)**

Given informations might be different in various instalation types.

Thermostatic mixer

9029-12

9029-34

9029-1

Parameters Regulation of the temperature 30-48 °C
Max. temperature of connection is 90 °C
Max. working pressure 10 bars

Efficiency with 1 bar pressure			
Code	Connector	m³/h	Kind of connector
9029-12	1/2"	1,3	**Screw (no check valves, no filters)**
9029-34	3/4"	1,8	**Screw (no check valves, no filters)**
9029-1	1"	2,75	**Screw (no check valves, no filters)**

Given informations might be different in various instalation types.

Thermostatic mixer

9026-12

9026-34

9026-1

Parameters Regulation of the temperature 30-65 °C
Max. temperature of connection is 90 °C
Max. working pressure 10 bars

Efficiency with 1 bar pressure			
Code	Connector	m³/h	Kind of connector
9026-12	1/2"	1,5	**Screw (check valves+filters)**
9026-34	3/4"	1,7	**Screw (check valves+filters)**
9026-1	1"	3,0	**Screw (check valves+filters)**

Given informations might be different in various instalation types.

Electronical mixing valve with programmable thermal disinfection with control disinfection

CAL6000-34

CAL6000-1

CAL6000-114

CAL6000-112

CAL6000-2

Parameters Power: 230 V – 50/60 Hz – (6,5+6) VA
Temperature regulation 20-85°C
Disinfection temperature: 40-85°C
Max. pressure 10 bar
Max. in temperature: 100°C
Protection level: IP65 (servomotor)

Efficiency with 1 bar pressure		
code	connector	m³/h
CAL6000-34	3/4"	8,4
CAL6000-1	1"	10,6
CAL6000-114	1" 1/4	21,2
CAL6000-112	1"1/2	32,5
CAL6000-2	2"	41

Given informations might be different in various instalation types.

SANITARYWARE FOR DISABLED

	code	description	
	9001L	Timed flow for diasbled **Installation** 1/2" connector for cold and pre-mixed water **Parameters** Water time flow ~12 sec. Water pressure reductor (6L/min) **Options** **9001L/M - with under-basin mixer 9020**	
	9007L	Timed mixer for disabled **Installation** two elastic 1/2' connectors for cold and hot water **Parameters** Side water temperature regulation Water time flow ~12 sec. Anti-vandal construction	
	9003L	Bateria czasowa ścienna dla osób niepełnosprawnych **Installation** 1/2" connector for cold and pre-mixed water **Parameters** Water time flow ~12 sec. Water pressure reductor (6L/min) Anti-vandal construction	
NEW IN	**9092L**	Bateria czasowa z mieszaczem, ścienna dla osób niepełnosprawnych **Installation** two 1/2' connectors for cold and hot water **Parameters** Water time flow ~12 sec. Water pressure reductor (6L/min) Anti-vandal construction	

For disabled

WATER DISPENSERS SANITAI~~WAF~~

	code	description	
NOWOŚĆ	**9053**	Water dispenser valve **Installation** 1/2" connector **Parameters** Water flow regulation Solid brass body Anti-vandal construction	
NOWOŚĆ	**9054**	Water dispenser valve with spout **Installation** 1/2" connector **Parameters** Water flow regulation High spout Solid brass body Anti-vandal construction	

Water dispensers for sanitaryware

SPECIALISTIC SANITARYWARE

	code	description	
Specialistic	9030	**Wall- mounted timed tap, self-closing** **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Rotatable spout Water time flow~12 sek. Water pressure reductor (6L/min) Anti-vandal construction	
	9022	**Timed mixer, wall-mounted, self-closing, thermostatic** **Installation** Two 1/2" conectors for cold and pre-mixed water **Parameters** Self water temperature regulation Thermostatic mixer with anti-burn blockade Water time flow15 sec. Possibility of connection tube with handshower	
	9088	**Timed mixer, surface mounted with rotatable spout** **Installation** Two 1/2" conectors for cold and hot water **Parameters** Rotatable spout Regulation of water pressure and time flow Water pressure reductor (6L/min) Check valves	
	9100	**Lever-operated timed flow valve** **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Parameters lever-operated, knee-operated, wall-mounted or floor-mounted installation Water time flow for approximately 15 seconds with a pressure of 3 bars Anti-vandal construction Water pressure reductor (6L/min)	
	9091	**Timed flow pillar tap, self-closing** **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Swivel spout Water time flow regulation Anti-vandal construction Water pressure reductor (6L/min)	
	9035	**Timed flow, surface mounted for pre-mixed water with chain** **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Water time flow up to~30 sec. Water pressure regulation Water pressure reductor(6L/min) Operated by chain pulling Anti-vandal construction	
	9009	**Floor timed vakve** **Installation** 1/2 "connector for cold and pre-mixed water **Parameters** Water time flow~3 sec. Water pressure reductor(6L/min) Anti-vandal construction	

MEDICAL SANITARYWARE

	code	description	
	2400	medical tap, wall-mounted **Installation** two 1/2' connectors for cold and hot water **Parameters** swivel spout Wall-mounted Ceramic mixer elbow-operated lever	
	2450	medical tap **Installation** two 1/2' connectors for cold and hot water **Parameters** swivel spout Ceramic mixer elbow-operated lever	
	2475	medical tap **Installation** two 1/2' connectors for cold and hot water **Parameters** Ceramic mixer elbow-operated lever	
	9057	medical tap, foot-operated **Installation** 1/2" connnector for cold and pre-mixed water **Parameters** Floor or wall mounted Water time flow~3 sec. Anti-vandal construction	
	9058	foot-operated tap with mixer **Installation** two elastic 1/2' connectors for cold and hot water **Parameters** Regulacja temperatury poprzez nacisk pedału. Floor or wall mounted Check valves Anti-vandal construction	
	9059	Double pedal foot operated **Installation** two elastic 1/2' connectors for cold and hot water **Parameters** Floor or wall mounted Water time flow~3 sec. Check valves Anti-vandal construction	

Medical sanitaryware

	code	description	
	3113	Photocell electronic tap with a mixing valve **Installation** 3/8"connector for cold and hot water **Parameters** 6V powered (suggested power supply: ZAS230/6 DSC) Anti-vandal construction **Options** **3113B - 6V Battery powered version**	
	3114	Photocell electronic tap with a mixing valve **Installation** 3/8"connector for cold and hot water **Parameters** 6V powered (suggested power supply: ZAS230/6 DSC) Anti-vandal construction Rotary spout **Options** **3114B - 6V Battery powered version**	
	3101	Photocell electronic tap with a mixing valve **Installation** 3/8"connector for cold and hot water **Parameters** 6V powered (suggested power supply: ZAS230/6 DSC) Anti-vandal construction **Options** **3101B- 6V Battery powered version**	
	3102	Photocell electronic tap with a mixing valve **Installation** 3/8"connector for cold and hot water **Parameters** 6V powered (suggested power supply: ZAS230/6 DSC) Made of stainless steel **Options** **3102B - 6V Battery powered version**	
	3103	Photocell electronic tap **Installation** 3/8"connector for pre-mixed water **Parameters** 12V powered Chrome finish **Options** **3103B - 6V Battery powered version** **3103/M - under basin mixing valve version 12V powered** **3103B/M - under basin mixing valve version 6V Battery powered version**	
	2511R	Photocell electronic tap **Installation** 1/2"connector for pre-mixed water **Parameters** 12V powered **Options** **2511B - 6V Battery powered version** **2511R/M - under basin mixing valve version 6V powered** **2511B/M - under basin mixing valve version 6V Battery powered version**	
	2503R	Photocell electronic tap **Installation** 1/2"connector for pre-mixed water **Parameters** 12V powered **Options** **2503B - 6V Battery powered version** **2503R/M - under basin mixing valve version 6V powered** **2503B/M - under basin mixing valve version 6V Battery powered version**	

Basin Type

15

TOUCHLESS SANITARYWARE

	code	description	
	2512R **2512B**	Photocell electronic tap with a mixing valve **Installation** two elastic 1/2' connectors for cold and hot water **Parameters** 6V powered (power supply contained) Intelligent sensor adapting to the ambient parameters Anti-vandal construction **Options** **2512B - 6V battery powered**	
	2620	Photocell electronic tap with a mixing valve **Installation** two elastic 3/8' connectors for cold and hot water **Parameters** Battery powered (4 x AA 1,5 V) Intelligent sensor adapting to the ambient parameters Anti-vandal construction	
	3109B	Photocell electronic tap with thermostatic regulator **Installation** two 1/2" connectors **Parameters** Battery powered 6V Rozstaw przyłączy 150 mm, wylewka L - 160 mm **Options** **3110B - Spacing of connections 150 mm, spout L - 160 mm**	
NOWOŚĆ	**2535B**	Photocell electronic tap **Installation** 1/2" connector for cold and pre-mixed water **Parameters** Battery powered 6V Aerator with a flow of 6l / min Automatic switch off after 1 minute. continuous use	
	3112	Electronic battery for photocell with mixer, for installation on sinks **Installation** 1/2" connector for cold and hot water **Parameters** Power 24V (suggested power supply SLZ 01Y)	
	3201R	Sink with optoelectronic sensor **Parameters** 24 V powered Made of stainless steel Spout F-185 mm Cover 472 x 413 x 280 mm **Options** **3201B - 9 V battery powered version** **3202R/M - version with mixer 24 V** **3202B/M - 9 V battery powered version with mixer 24 V**	

TOUCHLESS SERIES

	code	description	
	3301W	Electronic, urinal, concealed tap **Installation** Connector 1/2" **Parameters** 6 V powered (suggested power supply: ZAS230/6 DSC) Durable, glass cover **Options** **With a mounting box**	
	3302	Electronic, urinal, concealed tap **Installation** Connector 1/2" **Parameters** 6 V powered (suggested power supply: ZAS230/6 DSC) Anti-vandal construction Stainless steel housing **Options** **3302B - 6V Battery powered version** **With a mounting box**	
	3303	Electronic, urinal, concealed tap **Installation** Connector 1/2" **Parameters** 12 V powered (suggested power supply: TR8) Anti-vandal construction Stainless steel housing **Options** **3303B -6V Battery powered version** **3304 - Version operating on a set of urinal units**	
	3305B	Electronic, urinal, exposed tap **Installation** Connector 1/2" **Parameters** 6 V battery powered **Set includes** Mounting pipe for the urinal unit	
	3306	Electronic, conductometric urinal tap **Installation** Connector 1/2" **Parameters** 6 V powered (suggested power supply: ZAS 230/6 DSC) **Options:** **3306B - 6V Battery powered version**	
	3307R	Electronic, urinal, concealed set **Installation** Connector 1/2" **Parameters** 6 V powered Anti-vandal construction Stainless steel housing **Set includes** Self-supporting 3302 steel frame construction Power supply unit or a battery **Options:** **3307B - 6V Battery powered version**	

Urinal

	code	description	
Shower	3401B	Shower electronical flow, wall mounted with thermostatic regulation **Installation** 1/2"connector for cold and hot water **Parameters** 6V battery powered Connection distance 150 mm	
	3402B	Shower electronical flow thermostatic **Installation** 3/8" connector for cold and hot water **Parameters** 6V battery powered Made of stainless steel (mat) **Contains** Solenoid, thermostat, shower spout, ball valves with a dirt filter, connection hoses, battery container	
	3406B	Shower electronical flow, **Installation** 1/2" connector for pre-mixed water **Parameters** 6V battery powered Made of stainless steel (mat) **Contains** Solenoid valve, ball valve with dirt filter, connection hose, battery container, shower spout	
	2540R	Shower electronical flow, concealed **Installation** 1/2" connector for pre-mixed water **Parameters** 6V battery powered Anti-vandal construction Made of stainless steel **Contains** Mounting frame, mounting box with screws, ball valve **Options** **2540B - 6V battery powered version**	
	3408	Shower electronical flow thermostatic, concealed **Installation** 1/2"connector for cold and hot water **Parameters** 6 V powered (suggested power supply ZAS 230/6 DSC) Anti-vandal construction Made of stainless steel **Options** **3408B - 6V battery powered version**	

TOUCHLESS SERIES

	code	description	
Toilet frames	**3501C**	**Touchless concealed toilet flush** **Installation** 1" connector **Parameters** 12V powered (suggested power supply: TR8) **Set includes** Mounting frame, ball valve , mounting box with screws , connecting cable, grill	
	3502SR	**Heavy-duty, concealed, touchless toilet system** **Installation** Connector 1/2" **Parameters** 6V powered **Set includes** Frame, tile with a touchless flush installed, and a 6V power supply unit **Options** **3502WR - Version with flushing model ASS 3M**	
	3504SR	**Light- duty, concealed, touchless toilet system** **Podłączenie** Connector 1/2" **Parametry** 6V powered lastic tile **W komplecie** Frame, tile with a touchless flush installed, and a 6V power supply unit **Opcja** **3504WR - Version with flushing model ASS 3M**
